Can't wait to get back in the pool—

William Beatty and Kevin Ericson both swim in the 9-10 Boys Division of the Dolphins

From the West Sacramento Dolphins

The West Sacramento Dolphins Swim Team held their Annual Blue & White Meet last Saturday at the River City High School Pool. The Blue & White is a meet where the team is split into two different teams that go head to head in competition in the same format as a normal league meet against another team.

The capacity crowd were treated to a great day of racing and fun. Many of the new members had never experienced the atmosphere of a meet before and came away with big smiles and with greater expectations for their swimming futures.

The Dolphins' next meet will be against the Manor Recreation Minnows in South Sacramento on Saturday, June 14. After that they will be at home for the next four meets.

School district may have stepped outside law in session at condo

■ Questions raised over whether school board meeting in condo received proper public notice or correctly used a closed session privileges

By Steve Marschke

A special workshop held last Thursday by members of the Washington Unified School District school board has raised questions about whether the district complied with the state's "open meeting" laws.

The board met at a staff member's Touchstone condominium in a session that was scheduled to go from 1 p.m. to 9 p.m., although in actuality it started later and ended earlier, and included time out for a catered meal, said acting superintendent Dennis Kelleher.

The agenda advertising the meeting described the meeting as a "special closed session" which included a three-word description of subjects to be discussed: "negotiations, communications and personnel."

Kelleher said Tuesday that he was looking into the possibility that the state's "Brown Act," which requires local officials such as school board members and city council members to conduct their business in public and with advance notice, may have been violated.

"You may be right, we may have made a mistake with the Brown Act," he told the News-Ledger yesterday, and explained that the advance notice of the meeting may have been deficient. "I don't think we violated the spirit of the Brown Act, but we may have fallen short in the notification."

"Since they constantly change the Brown Act, I'm going to ask that (district attorney) Mr. Parham meet with the entire board and with staff members and explain the law."

Kelleher was asked by the News-Ledger what the agenda items entailed.

He answered that the agenda referred to negotiations with district employees, personnel issues and communications regarding these things.

Kelleher was then asked if the meeting also included a "workshop" on management issues, and said that this, too, was part of the meeting.

"There was a little workshop," he said. The workshop dealt with a school of thought proposing that everyone belonged to one of four different management styles, and involved helping board members to understand how they can be more effective as a team, he explained.

Since state law doesn't seem to allow closed session to be used for such a topic, Kelleher was asked about that possible Brown Act violation.

"It was a team building item, and no way were we trying to do a closed door session," he said.

In fact, the door to the condo was open for all of the meeting except the personnel discussions, and any member of the public could have attended, he said. None did, although a News-Ledger reporter arrived briefly while the board was in closed session.

Although the agenda listed the entire meeting as "closed session," this wasn't the intent, he added, and the only reason the meeting was held in the condo instead of the normal board room was because "we couldn't get another place that was conducive" to a management workshop.

Board president Ardeene Westvik said Tuesday that she had thought the entire meeting was open to the public except for the personnel discussion, and in fact had told one inquiring resident to come on down to the workshop.

"I was asked, 'can somebody come to the meeting?,' and I said 'yes'." said Westvik. "There's nothing secret about this," said Westvik. "It was a workshop on how to communicate with each other -- a boardsmanship kind of workshop, discussing how board members communicate and that sort of thing."

If it is determined that the board discussed "open session" items in what was effect a "closed session" setting, the board would be required to "cure" the fault by repeating the agenda items in public.

Sacramento hopes to run sewage line through West Sacto -- free

■ Sacramento argues that if West Sacramento joins its sewage district, a sewage link running from Natomas through West Sacramento should be allowed without compensation to West Sacramento

By Steve Marschke

A poker game of sorts is going on between officials in West Sacramento and Sacramento, as West Sacramento ponders shipping all its future sewage to Sacramento County's regional plant and therefore unloading what has been a true public works headache for this city.

Sacramento County has made West Sacramento an offer on what it would charge to treat the city's future sewage. But it also wants something else out of the deal: a chance to run a sewage connection from the emerging Natomas region across the river and south through West Sacramento, and back across the river south of West Sacramento city limits.

The "Natomas intercept" would thus travel underground through what is largely vacant West Sacramento land, saving Sacramento from having to dig up streets on its own side of the river for such a pipeline.

"We feel that if we save them a lot of money, we should get some credit (financially)," said West Sacramento city manager Joe Goeden.

Goeden said he hopes that this credit could come in the form of a favorable deal if West Sacramento hooks up with Sacramento for sewage treatment at Sacramento's large regional plant.

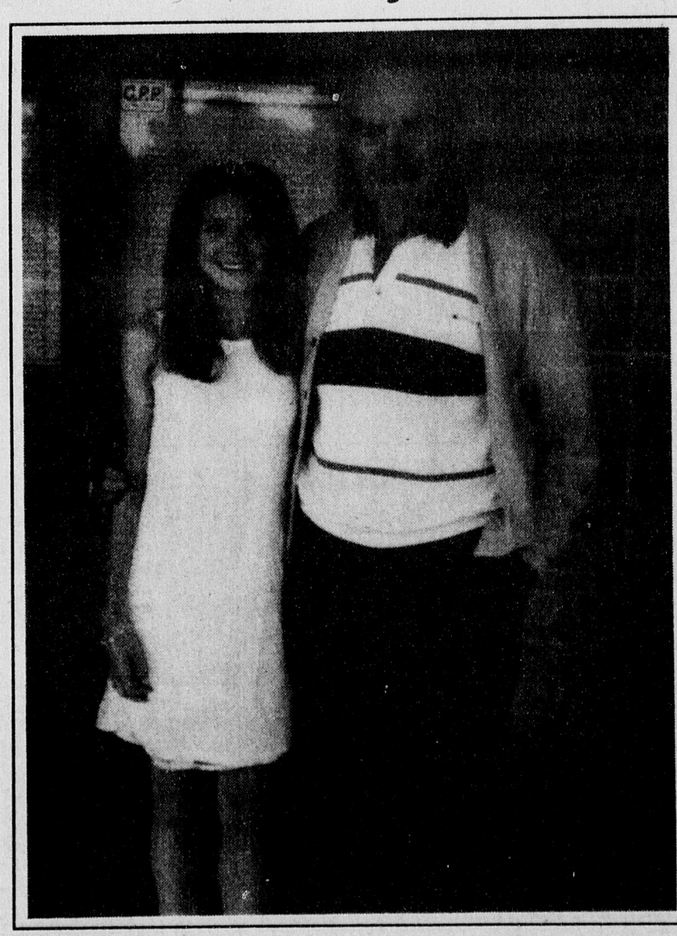

But West Sacramento has hired two firms, CH2M Hill and Nolte & Associates, to research these costs in order for West Sacramento to develop its bargaining positions.

"We know know that we'd be a more convenient route for them, but not necessarily a cheaper one," said Goeden. Costs saved by laying pipe in bare West Sacramento land might be offset by the need in this scenario to run the pipeline across the Sacramento River twice, and the deep water shipping channel once, in the pipe's path southwards.

Nevertheless, the cost studies are being fine-tuned in the hopes that a cost savings will turn up that gives West Sacra-

Broderick neighborhood leads the city in 'too-high' residential fencing

Is your fence too high?

West Sacramento Planning Commission members will host a workshop this Thursday evening on what, if anything, to do about the 344 residential West Sacramento fences that exceed the city's four-foot height rule.

In addition, said city staff, the commission needs to consider the fact that 234 local residential fences are out of compliance with the "95 percent visibility" rule required by a 1990 city ordinance.

Confronted with fences at 1,200 local lots exceeding the three-foot height rule in 1990, the city raised the height limit to four feet. But many residents have built high fences for security, to fence dogs in, or to limit access to their property, according to city staff.

The highest concentration of illegal fences are in the Broderick (northeastern neighborhood), which has a 40 percent concentration of residential fences that are too high.

At its 6 p.m. meeting tomorrow at city hall, the planning commission will be asked to give its opinions to city staff for how to proceed with the non-compliance issue. No new laws or ordinances will be voted on at that time.

Napoleon & Josephine didn't use a deoderant

By Daryl Fisher

When you've got as many kids as I do, you're always looking for ways to save some money, so my eyes really lit up when I recently ran across an article in the Sunday Sacramento Bee entitled, "Putting those thrift tips to the test". It was written by a lady named Cheryl Challeder who writes for the Des Moines Register and I could hardly wait to share some of her money saving suggestions with my wife, who was seated at the dining room table getting ready to pay the monthly bills.

"Hey, Mary," I yelled out from the couch, "how much do we spend every month around here on deodorants?"

"What?" asked my puzzled wife as she reluctantly looked up from her task.

"How much does a can of Right Guard cost nowadays?" I asked her.

"I don't know -- about five dollars, I guess," she said as she took a check she had just finished writing and stuck it in an envelope.

"You're kidding?" I said, surprised that a container of deodorant would cost so much. "Is that the big can or the little can?"

"Just why are we having this discussion?" asked my wife, obviously annoyed that I was bothering her during check-writing time.

"Does that Ban roll-on stuff you and Carrie use cost that much, too?" I asked her.

"It's even more -- why?"

"Because I'm reading a really interesting article here that says people can save a small fortune if they just use baking soda instead of store-bought deodorant."

"You're kidding," said my wife, her facial expression slowly turning to disgust.

"No, I'm serious. Listen to this. It says here that all you have to do is dip a cotton ball in some baking soda and dab it on your armpits. It effectively stops wetness and the only downside seems to be that some people report a feeling of having sand under their arms all day long, but even that can be helped by just mixing the baking soda with some cornstarch. And the best part is that baking soda only costs 59 cents a box. Think of how much money we could save around here if we all just started dusting ourselves with baking soda after our showers."

"Daryl," my wife assured me, "no one in this family is going to put baking soda in their armpits."

"Why not?"

"Just take my word for it, they won't."

"What if I try it first?"

"Be my guest, but I'm busy here, okay? Now please, go outside and play or something."

"And here's another tip that I think we should definitely mention to Jenny and Joy (friends of my daughter who are having their second babies in the near future). It's the directions on how they can make their very own homemade baby wipes."

"Leave me alone!"

"But it sounds really simple. All they have to do is cut up a roll of heavy paper towels in half, mix 2 1/4 cups water, 2 tablespoons of baby shampoo or baby bath, and 1 tablespoon of baby oil in a plastic container, put a lid on the container, turn it upside down to let the liquid soak the towels completely and before you know it, bingo -- instant baby wipes. The whole process only takes about 15 minutes and think of how much money a new mother could save. It says here that regular baby wipes are $3.50 a box. Can you believe that? $3.50 a box just to...."

"Daryl!"

"Okay, okay, but it just seems to me that there are hundreds of thousands of people employed all over this country doing everything they can to convince us to buy products we don't really even need. I mean, people got along just fine for centuries without deodorant and baby wipes, now didn't they?"

"Can we please talk about this later?" pleaded my wife. "These bills have to be in the mail first thing tomorrow morning."

"Did I ever tell you about that book I read on Napoleon that said every time he was about ready to wrap up a war, the very first thing he would do was send a messenger all the way back to France to tell Josephine he was on his way home and that he didn't want her taking any baths."

"Now why in the world did he do that?" asked my wife, who won't even go camping unless the campground has a state-of-the-art showering facility.

"Because he liked the way Josephine smelled. Yes-sir-re, no Right Guard spray and Ban roll-on for Napoleon and Josephine. And look what happened to them -- they almost conquered the whole world!"

"And your point is?" asked my wife impatiently.

"Well," I finally admitted, "I guess I don't really have a point."

"What's new," I'm pretty sure I heard her mumble.

Beautification Week

The community recently benefited from yet another successful Beautification Week. The City's Recycling Division, along with the Parks & Community Services Department, held Spring Beautification Week May 12 - 17, 1997.

A small army of community volunteers, including members of the Police Department's Volunteers in Policing (VIP), retired citizens, City employees and other community members braved the 100 degree heat to assist residents taking advantage of the free residential recycling and rubbish drop-off program.

A special THANK YOU to Waste Management Inc. for donating services and drivers to make this program a success and to the many volunteers who donated their time. Thanks to residence like those listed below, this worthwhile program can continue to serve the citizens of West Sacramento.

The NBA Finals started last Sunday with the Chicago Bulls winning 84-82 in the last seconds on a Michael Jordan jump shot. The Utah Jazz upset the Houston Rockets journey to the finals with that same last second jump shot by John Stockton in the sixth game of their series. Well, if you read my column a couple of weeks ago I did predict the Rockets would be the team to beat the Bulls, but they could not get past the Jazz. The Utah fans went crazy after the Jazz beat the Rockets, sending them to their first NBA championship series. Can you imagine the feeling the players had when they arrived at 3 a.m. in the morning and 15,000 wild fans were waiting for them at the airport! The Jazz had the second best record in the NBA at 64 wins and 18 losses, while the Bulls led the league with 69 wins and 13 losses. The Bulls only lost at twice home (Miami, New York) but the Jazz only lost three times (Houston, Phoenix, and Seattle). The team that wins on the road will win this best of seven series. The Jazz needs to win game two in Chicago before they head home on Friday and Sunday for game 3 and 4. Chicago should win this series but my 10 year old son Richard keeps telling me the Jazz are going to be the new NBA champions. So, if you can't beat-um, join-um. The Jazz in seven games!

The Giants and A's both are having their problems with pitching. The Giants remain in first place but the A's are still in the cellar. Both teams selected pitchers in the 1997 free agent draft yesterday. The Giants used their first pick, the fourth pick overall, to select 20 year old pitcher Jason Grilli. Grilli is a 6-5, right-handed thrower that struck out 125 batters in 81 innings at Seton Hall University. The A's picked Chris Enochs, a right-handed pitcher from West Virginia U. The 6-3 pitcher had an ERA of 3.03 and struck out 86 in 95 innings.

The Boxing card at the Arco Arena on Saturday, June 7, titled "Bombs Away," added two more bouts to the card. The promoter, Don Chargin, will have ten bouts with more than 80 rounds of boxing. The fights will be telecast back East on HBO but will be blackout in Sacramento. The main event will feature undefeated heavyweights David Tua (27-0, 23 KO's) and Ike Ibeabuchi (16-0, 12 KO's). The co-feature will pit Jose Luis Lopez (38-3-1, 30 KO's) against Aaron Davis (43-5, 26 KO's). The third main event is West Sac's Willie Jorrin (16-0, 9 KO's) against the WBC's number 6th ranked Jr. Lightweight Enrique Jupiter (31-6-1, 26 KO's). The winner of this bout has been promised a title bout against Junior Jones. In separate bouts Olympic gold medalist Fernando Vargas, undefeated Bernardo Quinones and Napa's 21-0 jr. lightweight Juan Arias will box 10 rounders. First bout starts at 6:30 p.m. Tickets are available at Arco Arena box office and BASS ticket center. Prices are $22, $32, $42, and $55. Call me at 372-7332, if you need some great seats.

St. Helena hands RC tennis its first loss of '97

From River City High School

The River City High School Tennis Team had not lost a match in 25 attempts throughout the 1997 season. But last Thursday in Stockton, the undefeated streak finally ended as the Raiders fell 4 to 1 to St. Helena in the semifinals of the Sac-Joaquin Section Division III Team Championships. The Saints then crushed Escalon in the final for the Section crown.

Although R.C. had defeated St. Helena 5 to 4 earlier in the year in a practice match, the 5-match format of the playoffs prevented the Raiders from using their depth this time around. Still, their was little disappointment in Raider Coach Dave Brooks' post-match assessment. "We feel that we lost to the only team in the Section that is better than us this year. They are the Section champs. We had some chances in a couple of matches, but their experience prevailed. We had an absolutely incredible season -- undefeated Golden Empire League champions, an overall record of 25 and 1, and the school's first-ever trip to the Section Final Four. I am extremely proud of this group of student-athletes."

The Saints lineup last week featured a trio of Section individual champions from the previous week's tournament. All three of their doubles teams were the best in the Section, so while the Raiders split the two singles matches, they were swept in the doubles. Jeff Wright was defeated in boys singles, but Meuy Saechao defeated Simone Katz 6-2, 2-6, 6-3 for the split. Saechao finished her outstanding senior season with an overall record of 31 wins and only 1 loss -- in the final of the Section individual tournament a week ago.

In doubles, the Raider mixed duo of Khonthavy Phouanglasy and Peter Santizo lost to Sarah Lussier and Dustin Harper, 4-6, 0-6, while Ahmad Fazel and Sarom Phoung fell to Tyler Plant and Logan Songer 3-6, 5-7 in boys doubles. The girls doubles team of Douangchanh Lattasima and Aenoy Xayasone won their first set over Lucille Shaw and Casey Warren 6-4, but lost the next two 1-6, 4-6.

The Raiders advanced to the Final Four with a quarterfinal win last Tuesday at home over Summerville, 4 to 1. The Bears, Co-Champions of the Mother Lode League with Amador, received their lone win in boys singles where Kirk Vaughn defeated Wright. Saechao knocked off Abby Ahlf in girls singles 6-3, 6-4 while Lattasima and Xayasone trounced Theresa Jenkins and Dana Rea 6-3, 6-2 in girls doubles. Fazel and Phoung won the boys doubles match 6-4, 6-1 over Wes Sperry and Jesse Carter and Phouanglasy and Santizo won handily, 6-1, 6-3 against Nicole Fay and James Mauro in mixed.

RC wins first two games of tourney, then falls to Amador in game on Thursday

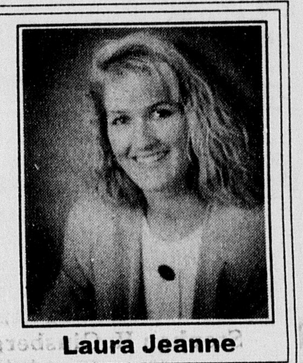

By Chuck Robinson

The River City High School varsity baseball team beat Ripon last Tuesday, 13 to 3. R.C. scored 13 runs on 9 hits, 2 errors. Ripon scored 3 runs on 6 hits, 0 errors. The winning pitcher was Brian Schrimsher. Hitting was Jaimes Timas, 1 for 3, 2 RBIs; Mark Palamidessi, 1 for 3; Gary Herren, 1 for 4, 2B; Randy Byard, 2 for 2, 1 RBI; Schrimsher, 2 for 2, 2B, 2 RBIs; Lorenzo Vasquez, 1 for 2, 2B, 2 RBIs; and Chris Shower, 1 for 3, 1 RBI.

Thursday was a disappointment. RC did not play the game it is capable of playing -- too many errors, too many left on base and not enough hitting. River City scored 3 runs on 5 hits, 4 errors. Amador scored 7 runs on 8 hits, 0 errors. R.C. had the bases loaded with 0 outs or 1 out and couldn't score. Even so, R.C. can hold their heads high as they take second place in league; they also won their first two games in the T.O.C. playoffs.

Hitting for the Raiders was Mark Palamidessi, 3 for 4, 2B, 2 RBIs; Gary Herren, 1 for 3; and Chris Shower, 1 for 3. River City's record overall was 17-8; they were 10-2 in league play.

SAFEWAY STUDENT ATHLETE OF THE WEEK

This week's Safeway Scholar/Athlete is Brady Tacdol, a River City High School sophomore. Brady was quarterback and captain of the J.V. football team. He was recently named MVP for the J.V. baseball team, for which he played shortstop and also served as captain. Brady says his favorite sport is baseball.

Asked for his outstanding high school experiences, Brady replied, "Sports!" He must hit the books pretty regularly, too, because his GPA at the semester was 4.0.

Brady says he's definitely going to college. He's thinking about Cal Berkeley or UC Davis, and will probably major in business.

Brady Tacdol wins a $25 gift certificate from Safeway!

OPINION

News-Ledger Editorial

Of gas pump commercials & school board meetings

A visitor to the Shell station at the far west end of West Capitol Ave. last week was greeted by something new under the sun:

There was a video screen on the gas pump, playing a jazzy animated Coca Cola commercial in full color and with full sound effects while the gas flowed. The customer was being treated to a personal TV commercial, in effect, which was triggered by his gasoline sale.

Somewhat dumbfounded, the customer stared at this commercial transfixed while waiting for the ten dollars worth of fuel to wind through the hose.

The attendant on duty inside came out to chat, asking, "Pretty neat, huh?," to which the customer could only reply, "I don't like it."

The problem is that we are bombarded with two many marketing messages as it is. What's wrong with a few minutes of piece and quiet at the gas pump?

True, we would still be surrounded with marketing messages even without the new video screen on the gas pump. A gas-buying customer would still see signs for businesses and brand names nearly everywhere in such a setting, but at least they are quiet and stationary. It is easy to look away. The new video screen, with its moving pictures and its sound, placed right where the gas selection choices are made, raises the ante a little in demanding our attention in order to sell us a product.

We would grudgingly accept the same TV commercial if we see it while watching TV, realizing that this is the price of the TV program the same way we realize that the advertisements on these pages are "part of the deal" you get when you open a newspaper.

But do we need a video commercial at the gas pump?

Is this something we want to encourage in our world? Do we want to reward advertisers for finding innovative new ways of putting their messages in our face, even in places where we might think we should be exempt from them?

Adding to the insult was the fact that the TV commercial was for a soft drink. Like Nike and countless other American products, Coca Cola depends primarily on image and marketing for its sales. Quality doesn't really enter the picture. And by reacting to corporate marketing strategies like some of Pavlov's dogs, we allow this to go on, with America being ever more based on marketing and all the time less based on quality.

Should we set limits and vote with our pocketbooks, or will we accept whatever the corporate marketing folks think we should accept as they find new ways to capture our attention?

There are some scenes in an old Harrison Ford sci-fi movie called "Blade Runner" which showed a future city. Commuters in this city travelled by air, amid buildings and fellow commuters, while video and audio messages all over the sides of buildings and other airborne sources showed gigantic commercials with audio messages touting soft drinks and other products. The entire urban environment had in effect become one huge electronic billboard.

The Shell station gas pump would have been quite at home. Perhaps most of us would be equally at home.

Those of us who aren't might consider buying gas from Chevron and drinking Pepsi for awhile.

Thursday's special school board meeting was held in a district staffer's condominium in Southport. According to the agenda, it was a closed session. According to the acting superintendent, it was an open session.

Part of this meeting had no legal justification for being held in closed session, so it is quite likely that the board broke state law in holding the meeting that was described on its own agenda.

This is not a sinister plot. It was not a secret meeting. No one need be vilified here.

But it does raise questions about the Washington Unified School District's knowledge of and respect for the state's open meeting laws. Since sensitive decisions are now being made by the school board regarding both the vacant superintendent's position and other matters, the apparent mistakes need a serious response.

Anyone concerned about how the district is treating its responsibility to conduct business in public will not be encouraged by the fact that all five board members and top administrators sat through a special meeting in a private home, apparently without asking the right questions about the legality of their own agenda.

It is also worth noting that the Yolo County Grand Jury has recently released its annual report, and the hot topic of that report was how county agencies seem to be deficient in adhering to this part of state law. The Grand Jury recommended that the county's attorney institute stricter measures to explain the Ralph M. Brown Act, which requires local officials to conduct all their business in public, with exceptions only to such matters such as personnel reviews, legal strategy and labor negotiations.

Letters to the Editor

Board broke law?

The Washington Unified School District Board of Education held a very important meeting last week (Tuesday, May 26), yet there were no parents or members of the community there.

1. The district is without a superintendent as of July 1, and no steps have been taken to set up a process for the selection of a superintendent (one who will stay more than 3 1/2 years, and one who will have been hired with a charge that has been adopted by the board after full input from staff, students, parents and community members). This item should be placed on the agenda for the next school board meeting, scheduled for Monday, June 9.

2. I have one other concern. The public was excluded at the special closed meeting held last Thursday as a workshop. This did nothing to bring the community into partnership to work with the board to achieve the goals it has for its students, goals which will not be achieved without the understanding and input of the public and especially parents. Noted below is the citation of an Attorney General's opinion that such workshops, under our Open Meeting Law, must be OPEN.

WUSD, along with all the agencies in Yolo County, have recently been reminded that all officials of all agencies have a personal responsibility to understand the Brown Act and the board as a whole must take the time to study the Act.

3. To end on a positive note: The Board has, with staff, developed a plan which is financed which will step up the intervention strategies necessary to help all students learn. This must not be lost next year either in a detour to put facilities before program or delay giving the district the long range leadership it must have with a permanent superintendent.

Thanks, from seniors

On Saturday, May 17, between 8 a.m. and 12 p.m., the City of West Sacramento Parks and Community Services Department sponsored the second annual "Step Out for Senior Centers" event on the southeast corner of West Capitol Avenue and Jefferson Blvd. The event included a showcase of programs and services available to older adults and their families, health fair, demonstrations of active classes on a stage, and a walk with a one, two, or three mile course option right down West Capitol Ave.

The event attracted over 125 walkers and an additional 50 others who came for the festivities. The purpose was to promote a positive image of aging. Throughout the day, over 100 door prizes were given out that were solicited from local business by volunteers Betty Gabouri and Barbara Porter. Please patronize the sponsors listed below -- without them the Step Out for Senior Centers event would not have been possible:

Health Net; Security Planning Insurance Services; Mom's Senior Care Homes; Woodrow Wilson Manor; Acme Dental; Chicken Soup Plus, Inc.; El Rancho Cleaners; Vince's; Jefferson Video; Homer's Florist; Eppie's; Grocery Outlet; Baker's Square; El Azteca; Jean Depot; Round Table Pizza; Crest Jewelers; Mail Boxes Etc.; El Rancho Bowl; Havey's Barber; Johnny's Sidewalk Pizza; Togo's; Gorman's Stationary; Tiller's Bike Shop; Radio Shack; Hollywood Hardware; West Capital Nails and Hair; Thrifty's; La Bou; 98 Cent Store; Jimboy's; News-Ledger; Never Just Hair Cuts; West Sacramento Press; Supply Hardware; Hover Horticultural Services; Kentucky Fried Chicken; Wild West Feed; Freddie's; Safeway; Raley's; Whitey's; Somerset Nursing Center; Hair Factory; and Cafe Vienna.

This event took place statewide and included over 60 cities and over 15,000 participants.

Yolo County's 'Opera House' starts *Sisters Rosenweig* on Friday

The Woodland Opera House will present *The Sisters Rosenweig*, by Wendy Wasserstein, June 6-28.

Winner of the Outer Critics Circle award for best Broadway Play in 1993, this new comedy is "a captivating portrait of three disparate sisters reuniting after a lengthy separation and coming to terms with their differences, respect, and love for one another."

Sara Goode, a successful American working in London, is about to celebrate her 54th birthday and she isn't happy about it. She leads a quiet, expatriate life with her teenage daughter. For the celebration her two sisters are expected. Suddenly their friends, her sometimes English gentleman, her daughter's boyfriend, and a new acquaintance all appear in one memorable, and revealing, evening. All this leads to a gentle play of humor and unexpected romance.

The play is directed by Lydia Venables. Ron Clyma is the scene designer with costumes by Helen Clark. Sue Kenyon is the stage manager. The cast includes Gwyneth Bruch, Russ Bruch, Kristina Goodnight, Diane Bartlett, Daniel W. Slausson, Maria Ryken, Skyler Venables, and Chris Lamb.

Production dates are Friday and Saturday evenings at 8 p.m. and Sundays at 2 p.m. from June 6-28.

Public Notice

CITY OF WEST SACRAMENTO
NOTICE OF PUBLIC HEARING REGARDING THE NECESSITY TO INCUR BONDED INDEBTEDNESS IN AN AMOUNT NOT TO EXCEED $6,500,000 WITHIN PROPOSED COMMUNITY FACILITIES DISTRICT NO. 6

NOTICE IS HEREBY GIVEN of a public hearing to be held before the City Council (the "Council") of the City of West Sacramento, California (the "City"), to receive public comments regarding Resolution No. 97-27, adopted by the City on May 7, 1997, wherein the City declared its intention and necessity to incur a bonded indebtedness in an amount not to exceed $6,500,000 in order to pay in full the amounts necessary to eliminate any fixed special assessment liens levied within the area of proposed Community Facilities District No. 6 (the "District") and defease the special assessment bonds secured by such assessments (the "Refinancing"), under and pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982."

The time and place for the hearing regarding such matter shall be 7:00 p.m., or as soon thereafter as practicable, on Wednesday, June 11, 1997 at the regular meeting place of the Council, City Council Chambers, 2101 Stone Boulevard, Second Floor, West Sacramento, California. This is the time and place set for the hearing by the Council in its Resolution No. 97-27, adopted on May 7, 1997. At such time and place, any person interested, including all persons owning property in the area within the District, will be heard upon the proposed debt issue or any other matters set forth in Resolution No. 97-27, and they may present any matters relating to the necessity for incurring such bonded indebtedness to accomplish the Refinancing.

A more complete description of the Refinancing proposed to be accomplished by the issuance of such bonded indebtedness and a copy of Resolution No. 97-27, as well as the boundary map of the District are on file with the City Clerk of the City of West Sacramento, City Hall, 2101 Stone Boulevard, West Sacramento, California 95691, and are available for review there during business hours by any interested persons.

CITY OF WEST SACRAMENTO
NOTICE OF PUBLIC HEARING ON THE ESTABLISHMENT OF COMMUNITY FACILITIES DISTRICT NO. 6 AND THE AUTHORIZATION OF THE LEVY OF A SPECIAL TAX THEREIN

NOTICE IS HEREBY GIVEN of a public hearing to be held before the City Council (the "Council") of the City of West Sacramento, California (the "City") to receive public comments regarding Resolution No. 97-26, adopted by the City on May 7, 1997, wherein the City declared its intention to form Community Facilities District No. 6 (the "District") in order to pay in full the amounts necessary to eliminate any fixed typical assessment liens levied within the area of the District and defease the special assessment bonds secured by such assessments (the "Refinancing") and to authorize a levy of a special tax to pay for the Refinancing or the bonded indebtedness that may be incurred under and pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982."

A description of the rate, method of apportionment and manner of collection of the special tax is attached as EXHIBIT A.

The time and place for the hearing on the establishment of the District as set by Resolution No. 97-26 is Wednesday, June 11, 1997 at 7:00 p.m., or as soon thereafter as practicable, in the regular meeting place of the Council, City Council Chambers, 2101 Stone Boulevard, Second Floor, West Sacramento, California. At the hearing the testimony of all interested persons or taxpayers for or against the establishment of the District, the extent of the District, or the rate, method of apportionment and manner of collection of the special tax will be heard. Protest may be made orally or in writing. Any protests pertaining to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the irregularities and defects to which the objection is made. All written protests shall be filed with the City Clerk on or before the time set for the hearing. The Council may waive any irregularities in the form or content of any written protest and at the hearing may correct minor defects in the proceedings. Written protests may be withdrawn in writing at any time before the conclusion of the hearing.

If fifty percent (50%) or more of the registered voters, or six (6) registered voters, whichever is more, residing within the territory proposed to be included in the District, or the owners of one-half (1/2) or more of the area of the land in the territory proposed to be included in the District and not exempt from the special tax, file written protests against the establishment of the District, and the protests are not withdrawn so as to reduce the value of the protests to less than a majority, no further proceedings to create the District, or to levy the specified special tax, will be taken for a period of one year from the date of the decision of the Council.

If the majority protests of the registered voters or the landowners are only against levying a specified special tax, that specified special tax will be eliminated from the District proceedings.

At the conclusion of the hearing, if the Council determines to establish the District, it will adopt a resolution of formation and then submit the levy of any special taxes to the qualified electors of the District in a special election.

A more complete description of the Refinancing and a copy of Resolution No. 97-26 and the boundary map of such proposed District are on file with the City Clerk of the City of West Sacramento, City Hall, 2101 Stone Boulevard, West Sacramento, California 95691, and are available for review there during business hours by any interested persons.

EXHIBIT A
Community Facilities District No. 6
(Reed Avenue)
City of West Sacramento, California
RATE, METHOD OF APPORTIONMENT, AND MANNER OF COLLECTION OF SPECIAL TAX

1. Basis of Special Tax Levy

A Special Tax authorized under the Mello-Roos Community Facilities Act of 1982 (the "Act") applicable to the land in Community Facilities District No. 6 (the "CFD") of the City of West Sacramento (the "City") shall be levied and collected according to the tax liability determined by the City through the application of the appropriate amount or rate, as described below.

2. Definitions

"**Act**" means the Mello-Roos Community Facilities Act of 1982, as amended, Sections 53311 and following of the California Government Code.

"**Administrative Expenses**" means the cost incurred by the City to determine, levy and collect the Special Taxes, including salaries of City employees, reasonable administration charges, and the fees of consultants and corporate bond paying and/or fiscal agents or trustees for bonds and the costs of collecting installments of the Special Taxes upon the general tax rolls; cost of arbitrage calculation and arbitrage rebates, preparation of required reports, and any other costs required to administer the CFD as determined by the City.

"**Administrator**" means the City Finance Director or his or her designee.

"**Annual Costs**" means the sum of the Quarterly Costs for a Calendar Year.

"**Annual Special Tax Revenues**" means the amount of Special Taxes required each Calendar Year to pay the Annual Costs. The sum of Annual Special Tax revenues shall not exceed the Maximum Annual Special Tax shown on column 1 of **Attachment 1** except in the year containing the Bond Maturity Quarter.

"**Benefit Share**" means the Maximum Special Tax for a Parcel divided by the Maximum CFD Revenue.

"**Bond Maturity Date**" means the date on which the bonds mature as stated in the bond sale documents.

"**Bond Maturity Quarter**" means the Quarter immediately preceding the Bond Maturity Date.

"**Bond Maturity Special Tax**" means the Maximum Quarterly Special Taxes that can be levied in the Bond Maturity Quarter.

"**Bond Share**" means the share of bonds assigned to a Parcel as specified in Section 7 hereof.

"**Bond Year**" means the 12-month period commencing on August 1 and ending of July 31 of any given year.

"**Calendar Year**" means the period commencing on January 1 and ending on December 31 of any given year.

"**CFD**" means the City's Community Facilities District No. 6 (Reed Avenue).

"**City**" means the City of West Sacramento, California.

"**Council**" means the City Council of West Sacramento acting for the CFD under the Act.

"**County**" means the County of Yolo, California.

"**County Assessor's Parcel**" means a lot or Parcel with an assigned Assessor's Parcel Number in the maps used by the County Assessor in the preparation of the tax roll.

"**Debt Service**" means the total amount of principal and interest for a given payment period, less any applicable credits that may be available from any other sources available to the City to pay principal and interest for the previous or current payment period.

"**Delinquent Parcel**" means any Taxable Parcel for which the Quarterly Special Taxes have not been paid within ten (10) days after the date they are due as stated on the bill sent by the City.

"**Fiscal Year**" means the period starting July 1 and ending the following June 30.

"**Gross Acre(age)**" means the acreage of a parcel prior to dedication of right of way for streets, roads, landscaping, and other public purposes.

"**Interest Expense Fund**" means an amount equal to one-quarter of the annual interest due on the outstanding Series "A" Bonds at an annual interest rate of 12%.

"**Maximum Quarterly CFD Revenue**" means the greatest amount of revenue that can be collected in a Quarter by levying the Quarterly Special Tax or Bond Maturity Special Tax against all Taxable Parcels.

"**Maximum Special Tax**" means the greatest amount of Special Tax that can be levied against a Taxable Parcel in any Calendar Year as shown in **Attachment 1** except in the calendar year containing the Bond Maturity Quarter.

"**Maximum Special Tax Revenue**" means the greatest amount of revenue that can be collected by levying the Maximum Special Tax against all Taxable Parcels.

"**Net Acre(age)**" means the acreage of a Parcel excluding the right-of-way dedicated for streets, roads, landscaping and other public purposes.

"**Outstanding Bonds**" means the total Series "A" and "B" bonds that have been issued and not retired or defeased.

"**Original Parcel**" means a Parcel as identified by Assessor's Parcel Number on **Attachment 1.**

"**Parcel**" means any County Assessor's Parcel in the CFD based on the equalized tax rolls of the County 30 days prior to the next Quarter in which Special Taxes will be levied or any successor Parcel created by Subdivision at least 30 days prior to the next Quarter and for which Assessor's Parcel Numbers have not yet been assigned.

"**Public Parcel**" means any Parcel that is publicly owned and is normally exempt from the levy of general ad valorem property taxes under California law, including public streets; schools; parks; and public drainageways, public landscaping, wetlands, greenbelts, and public open space.

"**Quarter**" means each of the four 3-month periods beginning in January 1, April 1, July 1, and October 1, of any Calendar Year.

"**Quarterly Costs**" means, for any Quarter, the total of (i) actual Debt Service for the preceding Quarter for Series "A" Bonds; (ii) one-fourth (1/4th) of the annual Debt Service for Series "B" Bonds for the Bond Year in which the Quarter falls; (iii) one-fourth (1/4th) of the estimated annual Administrative Expenses for the Calendar Year in which the Quarter falls; (iv) any additional interest costs required to bring the Interest Expense Fund to its full amount after payment of the previous Quarter's actual Debt Service from (i); and, (v) an amount equal to anticipated delinquencies above that required to replenish the Interest Expense Fund. This total shall be reduced by any credit from earnings on the interest reserve fund, any funds available from prepaid Special Taxes not used or reserved to redeem bonds as prescribed in Section 7, and any receipts of delinquent Special Taxes, and associated penalties, from previous Quarters.

"**Quarterly Special Tax**" means the Maximum Special Taxes shown on column 2 of **Attachment 1** for all Quarters except the Bond Maturity Quarter, and on column 3 of **Attachment 1** for the Bond Maturity Quarter.

"**Quarterly Special Tax Revenues**" means the amount of Special Taxes required each Quarter to pay the Quarterly Costs. The sum of Quarterly Special Tax Revenues shall not exceed the Maximum Annual Special Tax shown on column 2 of **Attachment 1** in any Calendar Year except in that Calendar Year containing the Bond Maturity Quarter.

"**Reserve Fund Share**" means the Interest Reserve Fund multiplied by the Benefit Share for a given Parcel.

"**Series "A" Bonds**" means the bonds sold as variable-interest-rate bonds. These bonds only accrue interest costs in each month prior to the Bond Maturity Quarter.

"**Series "B" Bonds**" means bonds sold as fixed-rate bonds. These bonds are amortized semi-annually or annually over the bond term; therefore, one-fourth (1/4th) of the principal amount of these bonds is included in each Quarterly Special Tax.

"**Special Tax(es)**" mean(s) any tax levy under the Act in the CFD.

"**Subdivision**" means a division of a Parcel into two or more Successor Parcels.

"**Successor Parcel**" means a Parcel created by Subdivision, lot line adjustment, or parcel map from an Original or Successor Parcel.

"**Tax Collection Schedule**" means the document prepared by the City for use in levying and collecting the Special Taxes each Quarter.

"**Taxable Parcel**" means any Parcel that is not a Tax-Exempt Parcel.

"**Tax-Exempt Parcel**" means a Parcel not subject to the Special Tax. Tax-Exempt Parcels include: (i) Public Parcels, and (ii) any Parcel that has prepaid its Special Taxes under Section 7 hereof.

3. Determination of Parcels Subject to Special Tax

The City shall prepare a list of the Parcels subject to the Special Tax using the records of the County Assessor and City records 30 days prior to the beginning of each Quarter. The City shall identify the Taxable Parcels from a list of all Parcels within the CFD boundary by excluding all Tax-Exempt Parcels.

4. Termination of the Special Tax

The Special Tax will be levied and collected for as long as needed to pay the principal and interest on debt and other costs incurred for the refinancing and to pay the Quarterly Costs. However, in no event shall the Special Tax be levied on any Parcel in the CFD after Calendar Year 2022.

When all Quarterly Costs incurred by the CFD have been paid, the Special Tax shall cease to be levied. The City shall direct the County Recorder to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

5. Assignment of Maximum Special Tax

Following the formation of the District, each time a Parcel is split or changes status in any manner, the City shall cause the following to occur:

A. Classification of Parcels.

Using the Definitions above, the Parcel records of the County Assessor's Secured Tax Roll and other City development approval records, the City shall cause each Parcel to be classified as a Tax-Exempt Parcel, a Taxable Parcel, or a Delinquent Parcel.

B. Assignment of Maximum Quarterly Special Tax to Delinquent Parcels.

If a Parcel is classified as a Delinquent Parcel, the Maximum Annual Special Taxes, Maximum Quarterly Special Taxes, and the Bond Maturity Special Tax will all be set to zero ($0) for all Taxable Parcels for that Quarter and all subsequent Quarters.

C. Assignment of Maximum Quarterly Special Tax to Original Parcels.

The City shall then assign the Maximum Quarterly Special Tax to each Taxable Original Parcel as follows:

Prior to the Bond Maturity Quarter, the Administrator will use Column 2 of **Attachment 1** to set the Maximum Quarterly Special Tax. In the Bond Maturity Quarter the Administrator will use Column 3 of **Attachment 1** to set the Maximum Quarter Special Tax.

D. Assignment of Maximum Quarterly Special Tax to Successor Parcels.

The City shall assign the Maximum Quarterly Special Tax to each Successor Parcel as follows:

1) When an Original or Successor Parcel is subdivided, the City shall classify the resulting Successor Parcels as Taxable Parcels or Public Parcels using the definitions in Section 2.

2) If the Successor Parcel is a Taxable Parcel:

· calculate the percentage of the taxable Successor Parcel's square footage to the total square footage for all taxable Successor Parcels of that Original or Successor Parcel; then,

· multiply this percentage by the Maximum Special Tax, the Quarterly Special Tax, and the Bond Maturity Special Tax assigned to the previous Original Parcel or Successor Parcel. The result of this calculation is the Maximum Special Tax, Maximum Quarterly Special Tax, and Bond Maturity Special Tax for the taxable Successor Parcel.

3) Allowable transfer of Special Tax - In the event that an Original or Successor Parcel, through a loss of developable land, will have a higher Special Tax per acre of developable land than other Taxable Parcels in the CFD, the revised Maximum Special Tax may be adjusted further by shifting the tax to other Taxable Parcels throughout the CFD and subject to the following provisions:

(i) any decrease in one Taxable Parcel's Maximum Special Tax is offset by an equal increase in the Maximum Special Tax of another Taxable Parcel or Parcels to ensure that there is no net loss in the total Maximum Special Taxes;

(ii) all adjustments are agreed to by the affected property owners and the City; and,

(iii) none of the transferred Special Taxes will be spread to Tax-Exempt Parcels.

E. Conversion of a Tax-Exempt Parcel to a Taxable Parcel.

If a Parcel designated as a Tax-Exempt Parcel is not needed for public use and is converted to a private use, it shall become subject to the Special Tax. The Maximum Special Tax for each such Parcel shall be assigned as follows: an Annual Special Tax of _____ per acre, a Quarterly Special Tax of $2,529 per acre, and a Bond Maturity Tax of $43,521 per acre.

F. Taxable Parcels Acquired by a Public Agency

Taxable Parcels that are acquired by a public agency after the CFD is formed will remain subject to the applicable Special Tax unless the Special Tax obligation is satisfied pursuant to Section 53317.5 of the Government Code. An exception to this may be made if the Public use planned for a Public Parcel within the CFD is relocated to a Taxable Parcel and the previously Tax-Exempt Parcel of comparable acreage becomes a Taxable Parcel. This trading of Parcels will be permitted to the extent that there is no net loss in Maximum CFD Revenue.

6. Setting the Quarterly Special Tax Rate for Taxable Parcels

The City shall calculate the Special Tax levy for each Taxable Parcel for each Quarter as follows:

A. Compute the Quarterly Costs using the definitions in Section 2.

B. Calculate the Special Tax for each Parcel for each Quarter as follows:

Step 1: Calculate the Maximum Quarterly CFD Revenue by summing the Quarterly Special Tax or Bond Maturity Tax for each Taxable Parcel.

Step 2: Compare the Quarterly Costs with the Maximum Quarterly Special Tax Revenue from Taxable Parcels calculated in the previous step.

Step 3: If the Quarterly Costs are less than the Maximum Quarterly CFD Revenue in Step 1, decrease proportionately the Maximum Quarterly Special Tax levy for each Taxable Parcel until the Special Taxes equal the Quarterly Costs.

C. Levy on each Taxable Parcel the amount calculated above. At the City's option, Costs and Special Taxes may be calculated and levied on an annual basis.

D. Prepare the Tax Collection Schedule listing the tax levy for each Taxable Parcel and send a special tax bill to owners of taxable property within the District.

The City shall make every effort to correctly calculate the Special Tax for each Parcel. It shall be the burden of the taxpayer to correct any errors in the determination of the parcels subject to the tax and their Special Tax assignments.

As development and subdivision of the project occurs, the City will maintain a file of each current County Assessor's Parcel Number within the CFD, its Maximum Special Tax, and the Maximum CFD Revenues for all Parcels within the CFD available for public inspection. This record shall show the calculation of the assigned Maximum Special Tax to each Original and each Successor Parcel and a brief description of the process of assigning the Special Tax each time a Successor Parcel was created.

7. Prepayment of Special Tax Obligation

Landowners may permanently satisfy the Special Tax obligation by a cash settlement with the City as permitted under Government Code Section 53344. Prepayment is permitted only under the following conditions:

· The City determines that the prepayment of the Special Tax obligation does not jeopardize its ability to make timely payments of Debt Service on outstanding bonds.

· Any landowner prepaying the Special Tax obligation must pay any and all delinquent special taxes and penalties prior to prepayment.

· The Prepayment amount must include the Parcel's entire Special Tax obligation.

The amount of the Special Tax prepayment shall be established by following the steps:

Step 1: Determine the Maximum Quarterly Special Tax for the Parcel based on the assignment of the Maximum Quarterly Special Tax described in Section 5 above.

Step 2: Divide the Maximum Quarterly Special Tax for the prepaying Parcel from Step 1 by the Maximum Quarterly CFD Revenue to arrive at the "Benefit Share."

Step 3: Determine the Bond Share for the Parcel by multiplying the Benefit Share From Step 2 by the total amount of Outstanding Series "A" and Series "B" Bonds issued by the CFD.

Step 4: Determine the Interest Expense Fund Share for the Series "A" Bonds by multiplying the Benefit Share, from Step 2, by the Interest Expense Fund balance at the time of Prepayment.

Step 5: Determine the Special Tax prepayment by subtracting the Interest Expense Fund Share from Step 4 from the Bond Share amount calculated in Step 3, and add to this revised Bond Share amount any fees, call premiums, any interest due on the next available call date, and expenses incurred by the City in connection with the prepayment calculation or the application of the proceeds of the prepayment.

8. Appeals

Any taxpayer who feels that the amount of the Special Tax assigned to a Parcel is in error may file a notice with the City appealing the levy of the Special Tax. The City will then promptly review the appeal, and if necessary, meet with the applicant. If the City verifies that the tax should be modified or changed, a recommendation at that time will be made to the Council and, as appropriate, the Special Tax levy shall be corrected and, if applicable in any case, a refund shall be granted.

Interpretations may be made by Resolution of the Council for purposes of clarifying any vagueness or ambiguity as it relates to the Special Tax rate, the method of apportionment, the classification of properties or any definition applicable to the CFD.

9. Manner of Collection

The Special Tax will be directly billed and collected by the City or its Designee on a Quarterly, semi-annual, or annual basis, as determined by the City.

Agenda items include zoning administrator actions; Oates/et al General Plan Amendment and Rezone; and presentation of study on residential fences.

The Sacramento Valley Basinwide Air Pollution Control Council (BCC) is seeking comments from interested individuals on the 1997/98 Agricultural Burn Plan for the Sacramento Valley Air Basin.

A public hearing on the proposed burn plan will be held at 10 a.m., June 6, at the Colusa County Air Pollution Control District office, 100 Sunrise Boulevard, off Highway 20 in Colusa.

The use of open burning to dispose of agricultural waste occurs regularly on approved days in the Sacramento Valley. Agricultural burning is permitted by State law and the California Code of Regulations requires the BCC to adopt an agricultural burn plan and submit it for approval to the Air Resources Board (ARB) by July 1 of each year.

Policies and procedures are outlined in each year's plan which are followed to successfully allow for burning as a tool to combat crop diseases and weeds as well as reduce the volume of agricultural debris left after harvest. The plan also outlines procedures which ensure that public health and air quality are primary considerations in determining the daily burn status.

Potential additions or deletions to each year's plan are received from many sources, including the agricultural community, ARB, environmental groups, health organizations, residents and Air District staff.

For more information and a copy of the 1997/98 draft Agricultural Burn Plan please contact the Yolo-Solano Air Quality Management Dist., 757-3650.

Seniors' cable show to focus on famous deceased residents of local cemeteries

"Those Were the Days," produced with an all-senior television crew ranging in ages from the 60s to the 80s, is airing every Monday night this month on Sonic Cable TV Channel 21 starting at 7:30 p.m. It was produced, directed and edited by Tony Ruggiero of West Sacramento.

It is about famous people buried in Sacramento cemeteries. Included are world heavyweight boxing champion Max Baer; his brother, Buddy Baer, who fought Joe Louis twice; their manager, Ancil Hoffman (Ancil Hoffman Park); Ernie Bonham, who collapsed after pitching an entire baseball game for the Pittsburgh Pirates; other major league baseball players; Senator Earl Desmond, who authored legislation creating what is now known as California State University; Flora Gilliam, mother of Spectrum columnist Stan Gilliam; and District Court Judge Dan Donovan, who was called "Mr. Carmichael."

Council to vote on $30k deal with Chamber

Staff for the West Sacramento Redevelopment Agency has concurred with a recommendation from the city's Economic Development Advisory Committee (EDAC) and recommends that the city council tonight authorize a $30,000 contract with the local chamber of commerce for various marketing and publicity services.

The new contract would include both an increase in scope and a $10,000 increase in payment over the 1996-97 chamber contract.

The issue became held up in EDAC hearings when several EDAC members complained that the chamber had not adequately fulfilled all elements of its previous contract, including the printing and distribution of city maps. But negotiations resulted in EDAC's approval last month.

When the city incorporated in 1987, the city gave its chamber of commerce business association an annual grant, but that grant has since been changed to a "contract." Services include serving as a contact point for business inquiries from out of town, managing public events such as an annual parade and this year's tenth anniversary city dinner, and other public relations duties.

SEWAGE from p. 1

mento a bargaining chip in negotiations.

Meanwhile, Sacramento has taken the position that running the Natomas intercept through West Sacramento shouldn't cost Sacramento anything if West Sacramento links up with the regional plant.

"They're saying, 'When you join our district, you're in the district and if we in the district need to get right-of-way for pipeline, no one in the district can stop us,' " said Goeden. "It's as if the State of California wants land in West Sacramento for a freeway, we are in the state and can't say no."

Goeden said that the option of building a new sewage plant in West Sacramento now appears roughly as expensive as the option of hooking up with Sacramento's plant, although city staff continues to try to fine-tune the cost estimates of these two options.

As the city starts to develop, his staff has assured him, West Sacramento will somehow need to find a way to supplant the sewage treatment plant it now operates on South River Road.

J.M.H.S. Reunions

James Marshall High School classes of 1971 and 1972 will hold their 25-year reunion the weekend of Friday August 22 - Sunday, August 24. Alumni, faculty, family and friends are all invited to attend. R.S.V.P. will be accepted no later than August 1. To receive discount, payment must be received by June 15.

R.C.H.S. Reunion

River City High School's class of 1987 will hold its ten-year reunion on August 16 from 6:30 p.m. to 1:30 a.m. Cost is $40 per person/$80 per couple and includes dinner, dancing and fun! R.S.V.P. by calling Danya at 372-9028.

J.M.H.S. Golf Tourney

The third annual James Marshall High School "All Years" Reunion Golf Tournament will be held on Friday, August 22. This year's tourney will be held at Lighthouse with the awards dinner to be held at the Goose Club that evening. Golfers can register complete foursomes or individually. Prizes will be awarded in team, family, and graduating class categories. Separate prizes for skill contests will be awarded to both men and women. Non-golfers may join in the festivities at the barbecue afterwards for only $10 per person. For more information or registration forms, please contact Carol Edmonds at 371-5420.

Fair Sign-Ups

Sign-ups are beginning for entries in the 1997 Yolo County Fair, which opens Wednesday, August 13, and continues through Sunday, August 17. Divisions including photography, baking, clothing, preserved foods, arts, crafts, hobbies and junior livestock all close Friday, June 27, in senior and junior divisions. Most categories are open to residents of Colusa, Solano, Sutter and Yuba counties, in addition to local county participants. Exhibitor Catalogs are now available throughout Yolo County, including the West Sacramento Chamber of Commerce and the Clarksburg Post Office.

Golf Tourney

The Knights of Columbus Council #7634 are inviting golfers and members of the Friends of the Knights to their 12th annual golf tournament and/or chicken and rib dinner at Holy Cross Church on June 7. For more information and/or a reservation, call Fred at 371-0485 before June 1.

Parking Lot Sale

A parking lot sale is slated for Saturday, June 7, from 8 a.m. to 3 p.m. at Joy Christian Ministries, 828 Merkley, next to the Turner Library. Everything from clothes to an outboard motor will be sold. The proceeds go towards a new church building. For more information, call 375-0066.

Senior Spin

Senior Spin, the West Sacramento Senior Center's version of the famous Wheel of Fortune TV game show, has a new group of contestants this month. The show airs every Wednesday night on Sonic Cable TV Channel 21 starting at 7 p.m.

Book Sale

The East Yolo Friends of the Library will hold their summer book sale Saturday and Sunday, June 14 and 15, at the Arthur F. Turner Library, 1212 Merkley Avenue in West Sacramento. On Saturday, sale begins at 9 a.m. and ends at 4 p.m.; on Sunday, sale is from 10 a.m. to 2 p.m.

Looking for Alumni

Reunion coordinators need your help in finding 1987 graduates of Bishop Manogue High School (a school that no longer exists). Plans are in the works for a reunion in late August. Please contact Debbie Norton at 372-4868 if you have any information that may help.

Church Bazaar

Trinity Presbyterian Church will hold its annual bazaar on Saturday, June 7, from 8 a.m. to 3 p.m. at the church, 1500 Park Blvd. in West Sacramento. Rummage sale items include furniture, collectibles, children's toys and clothes, plants, books and much more. The food booth, as always, will feature Whitey's chili. A queen-sized quilt will be raffled. For more information, call 371-5875.

W.U.S.D. Dinner

The Washington Unified School District Board of Education's District Recognition Dinner and Reception will be held on Friday, June 6, in the Bon Marche Ballroom at the Shot of Class restaurant. Awards for district retirees will be presented during the reception. Retirees to be honored include: Marlene Becher, Myrtle Berquest, Jean Brown, and Margaret Wilkes. Call 375-7604, ext. 2234.

RICE from p. 1

said Steve Roberts, executive director of the West Sacramento Chamber of Commerce.

Meanwhile, an annual rice festival held in conjunction with a state rice growers association and the town of Gridley, California, has left Gridley for Sacramento. But a spokesman for the Sacramento Metropolitan Chamber of Commerce told the News-Ledger Tuesday that although his organization had taken over this rice festival, "there is nothing definite" on the drawing boards as to its future.

In other news of local events, a major repeating West Sacramento festival, "Port Fest," has been scheduled for Sept. 5 through Sept. 7 of this year. This celebration features ship tours, food and entertainment at the Port of West Sacramento in West Sacramento.

What's new at the library

From Patty Robinson
East Yolo Friends of the Library

***A Mood Apart: Depression, Mania, and Other Afflictions of the Self.* Peter C. Whybrow, M.D. Basic Books. 340 pages.**

American "culture stigmatizes and romanticizes mental illness." It may mean madness to some or "creativity" to others; however, as renowned psychiatrist Peter Whybrow suggests, it is nonetheless an "affliction of the self." The self, he explains, consists of parts that work together to create emotional homeostasis but when disrupted, our mental capacities are affected and our moods altered. Through psychopharmacology and talk therapy, this homeostasis can resume.

***Murder at Midnight: An Eleanor Roosevelt Mystery.* Elliott Roosevelt. St. Martin's Press. 216 pages.**

This posthumous novel is one of several manuscripts left unpublished by the late Elliott Roosevelt, son of Franklin and Eleanor. Integrating mystery with historical fact, Roosevelt involves the former First Lady in a case of intrigue as she searches for the murderer of wealthy Judge Horace Blackwell. In her investigation, she crosses paths with General Douglas MacArthur and other prominent historical figures. Reformer, activist, and crime-solving sleuth...that was Eleanor Roosevelt.

***The Tiger Woods Way: Secrets of Tiger Woods' Power-Swing Technique.* John Andrisani. Crown Publishers. 149 pages.**

John Andrisani, contributor to Golf Magazine and professional golf instructor, shares the techniques that have made Tiger Woods the great sports phenomenon of the 1990s. He provides a step-by-step guide to Woods' unique setup position as well as his tremendous backswing and powerful downswing. Whether a seasoned professional or a novice this book will enhance any golfer's game.

***Forever, Erma: Best-Loved Writing From America's Favorite Humorist.* Erma Bombeck. Andres and McMeel. 273 pages.**

When beloved American columnist Erma Bombeck died last year, she left a legacy of over thirty years worth of writing. Forever, Erma includes some of her most memorable columns, and each illustrates her uncanny insight, wit and charm. This book is a cornucopia of fun...it will make you laugh and sometimes cry.

***Help Yourself: Problem Solving for the Disabled.* Douglas R. Bucy. Macmillan. 170 pages.**

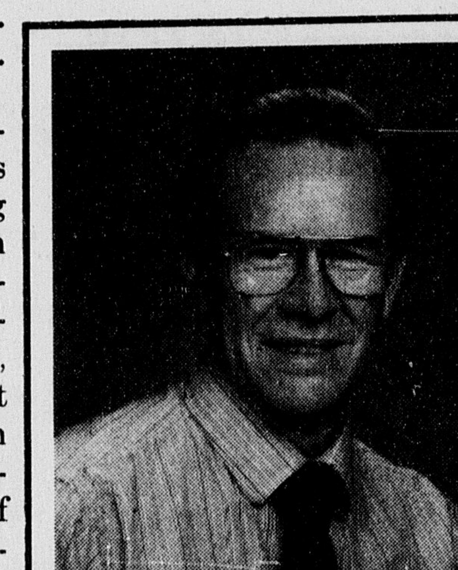

This A-to-Z sourcebook is an informative guide which will help the disabled to lead independent and fulfilling lives. Author Douglas Bucy, himself disabled, examines every facet of life from emotional support to financial aid. He discusses the kinds of services professional caregivers provide and the availability of specially designed equipment as well as important information about insurance, federal benefits, social security, and the Americans with Disabilities Act.

***Black Jacks: African American Seamen in the Age of Sail.* W. Jeffrey Bolster. Harvard University Press. 296 pages.**

Historian and master mariner W. Jeffrey Bolster shatters the myth that early seafaring was limited to the white man only. American maritime history, argues Bolster, is also African American history. In fact, seafaring was one of the most important occupations of both enslaved and free blacks between 1740 and 1865 as tens of thousands of men sailed in clippers, coasters, whalers, warships, and privateers. Besides helping to smuggle slaves to freedom, these men sailed from port to port and supplied African Americans with important news.

Announcements

With Father's Day just around the corner, be sure to peruse the display or related fiction and non-fiction titles available at the Turner Branch Library, 1212 Merkley Avenue. Besides Father's Day, June also brings the East Yolo Friends Book Sale, Pre-School Storytime, and the Summer Reading Program. Don't forget to attend the Friends Book Sale on June 14 (9 a.m. to 4 p.m.) and 15 (10 a.m. to 2 p.m.) to select from a wide assortment of titles -- including fiction, non-fiction, mysteries, children's, reference, and romance -- each available at BARGAIN prices! All proceeds benefit the library. Also, children's specialist Cathy Lorda is busy organizing an eventful summer schedule which is going to delight our community's young people. Please contact the staff at 375-6465 for more information.

WASHINGTON NEWS ITEMS

The Sacramento River registered 3 feet 6 inches, United States gauge at the Southern Pacific bridge yesterday. This is the lowest stage of the river for this time of the year in twenty years. A year ago at this time the river gauge showed on the same date 11 feet 10 inches, as was then recorded on the gauge on the Southern Pacific bridge. N. R. Taylor, meteorologist, declared that the river during the month of April averaged 4 feet 5 inches, which is 15 feet 1 inch below the normal stage.

A new home is being built by Marcel Tash on his ranch near Riverview, on the highway lately built through West Sacramento. The home will cost in the neighborhood of $5,000 and is one of the first to be built in that locality. The contractor is M. F. Terra of Sacramento.

Saturday noon will be the last day on which the canneries of Sacramento will receive consignments of spinach. The crop is about harvested and any that is yet left on the land will be permitted to go to seed. However, nearly all the growers have finished harvesting and had a fairly good crop with a standard price under contract with the California Packing Corporation.

A license was issued last Tuesday to Edward LeRoy Mackey and Pearl Alberta O'Haver, both of West Sacramento. The license was issued in Sacramento and the young people have already gone on a short honeymoon.

Frank Janik was receiving his principal consignments of goods yesterday with which to stock his store at West Sacramento headquarters. Besides the automobile service station he has established there, he will also carry a stock of cigars, soft drinks, ice and a small selection of groceries. The service station is now nearly completed and is a model for convenience and quick service. Janik will also add to his stock as he goes along and expects to make his place a stopping place for all West Sacramento farmers and travelers from the Holland district.

The Washington Star Club initiated three new members last Wednesday night in its weekly meeting at the Westminster Church in Sacramento. The club has now joined the Twilight Baseball League of Sacramento and is on the schedule for games with other clubs of the league. Last Sunday the boys played the Japanese team of Sacramento and beat them by a score of 19 to 9.

The Canteen Auto Camp has disposed of nearly all its tents and those not yet sold will be disposed of as soon as possible. It is the intention of McNally & Partridge, the owners, to build a permanent structure to house tourists. They report that during the past week increased travel on the state highway has added considerably to their business, and that as the quarantine is being lifted on account of the foot and mouth disease the increase in traffic is becoming more noticeable.

Leo Lee has been added to the force of the Fraser & Doyle service station to look after the root beer stand that was lately opened by the owners. Lee reports that business is good, but nevertheless he is about to quit to go into business for himself in Sacramento. To replace him, it is the intention of Fraser & Doyle to place a fascinating young lady in charge of the stand.

H. Barton, a vagrant picked up by Constable Buckingham last Monday, was sent to the county jail for sixty days by Judge Barry. He had been loafing around the jungles south of the M street bridge and evidently was cooking canned heat for his own use and the use of several others who have become victims of the Volstead law.

Annie Brusch was returned to Woodland last Friday by Judge Barry to spend ninety days with Sheriff Monroe for having transgressed on the promise she made three days before when she was released by the sheriff. Just three days out of jail, Annie forgot herself and in the carelessness of a wonderful jag brought on by canned heat she stretched out in the shade of the M street bridge, where she was picked up by Constable Buckingham. After sobering up in the local calaboose she was taken before Judge Barry, who sentenced her to ninety days with the sheriff.

Roy Sherman and family from Orange County in Southern California, was a visitor last Wednesday at the Van Deren and George homes. The family was on its way from the south to visit relatives in Plumas County and stayed only a few hours in Washington.

Last Tuesday, Jim Meyers of Live Oak spent the day at the home of Mrs. George. He returned to Live Oak Wednesday morning.

John Bernacchi has bought a half interest in the Hoffman House from D. Mazoni and in the future will attend strictly to the business in the place. It is the intention of the proprietors to add pool and billiard tables to the establishment and make their place an inviting resort for the young men of the community. Bernacchi intends to move his family, which consists of seven children, to Washington.

Real improvements are being made at the Beale store by the installation of several large show cases and other conveniences that will help to give better service to customers. For perishable goods a refrigerator show case has been installed, wherein will be stored butter, cheese, eggs, milk and such perishables.

The Washington meat market is undergoing a renovation under the direction of the proprietor, Ed. Moss. The place is being painted and thoroughly cleaned.

Mr. and Mrs. Henry Jasper of Wheatland were entertained Wednesday at the Washington home of Mr. and Mrs. A. M. Cameron.

Harley Austin and family have returned to their Washington home after a week's visit spent in the vicinity of Clear Lake.

Mrs. Catherine Brown of Washington is spending a few days visiting at the home of her brother, John Reese of Florin.

Among the Washington residents serving on a jury in Woodland Wednesday were Mrs. A. A. Dassonville, Mrs. Maggie Hanson, Mrs. Annie Korrell, Mrs. Cora Snyder and Norman White.

Mr. and Mrs. A. M. Cameron spent Tuesday in Woodland on a business visit from their Washington home.

Mr. and Mrs. Ward Pagnello and son Richard, accompanied by Mrs. Avril Shoemaker and children, have returned to Washington, after spending a few days in Oakland visiting with friends.

Mr. and Mrs. Harry Van Deren have moved from Oak Park to Washington and are now occupying the Hansen home at the corner of Second and Harriet streets.

O. P. Cook is making extensive improvements on his property, including the erecting of an additional two rooms to the house.

The Washington grammar school will close on June 20th for the summer vacation, and will reopen on September 10th.

After spending the past few days in the vicinity of Dillon's Beach, J. A. Allerton and family and Miss Elizabeth Moran returned to their Washington home.

Vernon Porter, who recently returned from an extensive trip which included a stay in Honolulu, is visiting in Washington as the guest of his mother, Mrs Harry Davis.

HIRAM A FAVORITE IN THIS SECTION OF YOLO COUNTY

Although Hiram Johnson lost the State of California last Tuesday, to Calvin Coolidge by a majority of over 50,000 votes, there remains the fact that the voters of Sacramento and Yolo Counties still gave him a majority vote.

The returns by precincts in Washington were as follows:

NORTH WASHINGTON	
Johnson	48
Coolidge	11
McAdoo	38

LIVESTOCK IS MOVING AGAIN ON SOUTHERN PACIFIC LINES

Yesterday four carloads of cattle were moved into Sacramento on a Southern Pacific train, the first that has been seen in shipment since the quarantine was placed on account of the foot and mouth disease.

Yesterday 10,000 young lambs were reported in transit from Willows to eastern markets, but confirmation of this report could not be received by the Independent.

This is welcome news to farmers who have been looking for an outlet for their stock for slaughtering, and evidently is a forerunner to a complete relief of the quarantines that have been in existence for several weeks.

In another column column will be found word published from the central headquarters that the disease is practically under control or nearly entirely subdued.

The loss to farmers has been great, especially those whose stock has been slaughtered after having been found afflicted with the disease.

Fortunately the federal government gave all the aid possible in quelling the disease.

Foreign authorities credit Japan with practically 100 per cent literacy.

REAL BLOCKADE FOLLOWED BIG FIRE IN SACRAMENTO

For two hours last Wednesday evening, Constable Buckingham was forced to act as traffic officer on the Southern Pacific bridge in an effort to keep traffic moving following the great fire at the fruit sheds of the Southern Pacific Company along the waterfront.

Residents of Washington who watched the parade are willing to assert that not less than 10,000 automobiles passed between the two bridges and returned to Sacramento.

The principal jam occurred at the entrance to the Southern Pacific bridge at Third and Anne streets, where autos were lined up forty and fifty to a line waiting for a chance to pass.

For more than two hours the stream of autos passed continuously between one bridge and another, some coming west over the M street bridge and some over the Southern Pacific bridge.

Fortunately every driver knew that it was imperative on him to drive slowly and no damage was done, although some cars were held in line for more than two hours.

CLARKSBURG PARENTS WANT BETTER ROAD FOR SCHOOL CHILDREN

Woodland, May 6.—An appeal for road improvement on the Sacramento levee route from Freeport to Clarksburg was made to the board of supervisors here yesterday by a delegation of Clarksburg union school district, pleading in the interests of education. According to the report of the delegation, it is now impossible to travel the present road, denying the children the opportunity of attending school from the north of Clarksburg.

There has recently been added to the levee road several feet of sand from dredging operations made by the adjoining reclamation district to bring the levee up to road grade with the understanding that the road would then be improved or paved. There now exists a stretch of three miles which is practically impassable, thus making it impossible for the school bus of the district to make the trip. This forces the trip to be made by a back road which is also in poor shape and in the rainy season impossible to travel.

The need of the Clarksburg people is undenied by the board and it is only the financial problem that is confronting them. Supervisor W. E. M. Beardslee, who took his seat with the board yesterday for the first time since his appointment, will no doubt make this call the first business of his official position.

JAPANESE GIRL DROWNS IN WEST SACRAMENTO CANAL

A three-year-old Japanese girl, the daughter of Miyano Yuki, farmer of West Sacramento, was drowned Wednesday afternoon in an irrigation ditch, a short distance from where her parent was working in a field.

The father saw the child fall into the ditch and rushed to her rescue. She was dragged from the water a few minutes later and a physician summoned, but the child was dead when the doctor arrived. The little girl had been playing in the field and in an unguarded moment ventured to the edge of the ditch and fell into the water.

The body of the child was taken to Sacramento for burial following an investigation of the case by Coroner Ross Wilson.

Statistics issued the other day go to show that Native Sons in California are decreasing.

Surely nobody will have the hardihood to accuse the natives of birth control ideas.

The accusation has often been made that the Anti-Saloon League is running the government of these United States.

But you can't notice it, can you? Lots of booze.

HAY PRICES NOW RANGING AROUND $20 PER TON

In the Holland district last Monday 250 tons of baled alfalfa hay was sold for $20 per ton in the field.

This is a splendid price for first cutting alfalfa and will mean at least $24 or $25 per ton for other crops to come later on.

No hay was left over from the harvest of last year and owing to the shortage of the rainfall of this last spring large crops of hay are not expected by the growers.

Several farmers in West Sacramento have started irrigating their alfalfa fields and these should reap a splendid harvest during the coming fall.. Irrigated alfalfa grows wonderfully in the West Sacramento district, for even without irrigation six crops are usually produced.

At the present writing all irrigation ditches in the district are filled to the brim and many whose land borders on low canals have only to cut a ditch to permit their fields to be flooded.

Around Dixon and between there and Suisun hundreds of acres of grain along the Southern Pacific right of way appear as if the crop of grain was not worth cutting. As a matter of fact, sheep are being turned into many fields, indicating a hopelessness for a hay crop or even a grain crop in that locality.

The Holland district and the West Sacramento districts are faring splendidly, not only in the alfalfa crop but in the grain crop.

ELECTION POSTPONED MEETING OF BOOSTERS CLUB LAST TUESDAY

Owing to the fact that the town hall was occupied by the election board last Tuesday evening, the regular meeting of the Washington Boosters Club was postponed to next Tuesday night at 8 p. m.

Several members of the club gathered on the outside of the hall, but feeling that the election returns should not be disturbed, no meeting was called.

An increased membership is expected to be present at the next meeting, because the membership committee has been active in soliciting the presence at the club of many of the property owners of the town.

TAX DELINQUENCY IN YOLO COUNTY IS $14,831.00

Woodland, May 8.—Tax Collector Robert Woods yesterday made his settlement of the collections of the second installment of taxes with County Auditor R. P. Wallace. His collections during the month of April amounted to $319,391.51, which, with taxes previously collected, aggregates the sum of $905,185.67 collected for the tax period.

Woods is charged with $920,017.64, leaving a delinquency of $14,831.97, or 1.612 per cent. This is a trifle more than the average percentage of delinquency, it generally running about from 1 per cent to 1 1-3 per cent.

A considerable amount will yet be collected before Woods makes his final settlement which occurs on or about June 12, at which time such property as then remains delinquent is sold to the state and owners must resort to the more complicated and expensive process of redeeming such tax sales through the office of the county auditor.

In spite of repeated warnings, deaths are caused by the operation of automobile engines in closed garages. Carbon monoxide is given off by an automobile engine at all times and is extremely poisonous. When it is necessary to leave the engine running, all the doors and windows of the garage should be open or the car should be driven into the open.

ADDITIONAL GROUND IS TAKEN OVER FOR CAMPING PURPOSES

A block of vacant ground, bounded by Fourth and Fifth streets and by Harriett and Mary streets, now vacant, with the exception of four small houses, has been taken over by J. Pereira to be used by him as an addition to the West Sacramento auto camp.

Yesterday Pereira told the Independent that it was his intention to clean up and remodel the houses on the block and also to place the entire block in condition for camping.

This property has been owned by Mrs. J. Harbinson for several years, bringing but little revenue in rentals for the houses that were occupied by colored residents or Mexicans.

The property is now under option by Pereira, to be purchased outright before the option expires.

Pereira has also bought the house and lot at the corner of Fourth and Mary streets, also formerly owned by Mrs. Harbinson. This house he will have remodeled for his own residence and will direct both camping blocks frrom central headquarters to be located in this latter house.

AUTOISTS AND PEDESTRIANS WATCH EACH OTHER CAREFULLY

Axel Field, a pedestrian in West Sacramento, last Wednesday night at a point just north of headquarters was somewhat injured when he bumped into an automobile driven by Ted Jackson of Auburn.

It would seem that Field was somewhat scared of the automobile and in the glare of the headlights moved out into the center of the road. Jackson, believing him to be a holdup man, stepped on the gas and luckily for Field, he jumped on the radiator of the car just as he was about to be struck. Explanations were made and Constable Buckingham, who had been summoned to the point squared the matter up.

Jackson took Field to the emergency hospital in Sacramento and had his injuries attended to.

Last Monday night as Buckingham was returning from Woodland, a red light was flashed on him at a point at about half-way between the causeway and the Fifth street subway. He slowed down, but anticipating trouble he prepared for it, for he believed the party waving the red light intended to hold him up.

Evidently the parties recognized the constable and proceeded on their way to Sacramento, remarking as they passed Buckingham's car, "How far would you have gone if you hadn't stopped."

Buckingham followed the auto but the occupants made sure of eluding him by extinguishing their lights and running into some side road where they were missed.

RIVER GROWERS SET PRICE FOR SCHEDULE PACKING

Courtland, May 3.—Representatives of the various fruit shipping concerns in this district met here with growers to fix prices for fruit packing in the coming season.

Agreement was reached that no bonus will be paid for packing and that if a head packer is to be employed, he will be paid by the day or month.

The following schedule was adopted:

Pears—Making boxes, packing and lidding, 8 cents per package.

Plums—Making crates, packing and lidding, 10 cents per package.

The price for labeling was fixed at one-fourth cent for each label. Where extra cleats are used, one-half cent extra per package will be paid.

WASHINGTON NEWS ITEMS

The Sacramento River registered 11 feet 4 inches, U. S. gauge at the S. P. bridge yesterday. This gauge shows a raise in the river since last week of about one foot although since that date no rain has fallen in the Sacramento Valley. The reading indicates that the snow on the mountains and foothills is already melting and holding up the stage of the river which it will do for some time to come.

Mrs. F. De Riso, Sr., has been confined to her home for several days of the past week with a severe case of flu. Yesterday she was reported to be much improved and expected to be soon entirely recovered.

Barbara, the little daughter of Frank De Riso, Jr., has been sick for several days with influenza. Yesterday she was showing signs of improvement which were welcomed by her parents.

Harry Steuben has been down with influenza for several days at his home in Riverbank and in addition has been suffering with a broken finger. Some time ago his finger was accidentally broken while at work but it did not set properly and it became necessary to break it again. He is now progressing rapidly to entire recovery.

Several of the boys around Washington have been testing out their ability to land a few salmon, but so far with only very little success. Hook and line fishing for bass above the mouth of the American River has been good during the past week and several sportsmen have landed half a dozen fish in a few hours.

James H. Floyd, one of the late arrivals in Westgate, and who is conducting the only restaurant at that place at the present time, is expecting a carload of building material today or tomorrow. When this arrives he will start the construction of a store, dwelling and restaurant close to the service station which Frank Janak has been operating during the past year. Floyd has moved his family to the West Sacramento district and is making expenses at least for the time being.

Joe Burke is the latest addition in the way of a helper at the West Side Auto Camp. Joe was discharged honorably from the navy a few weeks ago and hearing that he could get a job in this section of the state he came here promptly and landed just as promptly. He has charge of the lunch room, and soft drink place and sometimes the oil station for NcNally & Partridge.

The West Sacramento Auto Camp is crowding, according to word received yesterday from Joe Pereira. Traffic on the highway through Washington has greatly increased and every night finds a camp at the West Sacramento Auto Camp hard to get. The other camp grounds west of Washington on the state highway are also crowded by newcomers, especially from the southern part of the state.

Blair Manchester spent the week-end here from Oakland visiting his parents, Mr. and Mrs. I. K. Manchester. He has been transferred from the San Francisco office to the West Oakland office of the Southern Pacific Railroad.

Miss Josephine Virgilio has returned home after having graduated last week from the nurses' training school of the San Francisco City and County Hospital.

Mrs. James L. Clifton has returned from a short visit with her daughter, Mrs. Ella May Muhm in Oakland.

William Everett and family have moved into the house formerly occupied by Al Shoemaker.

Mrs. Ray Peek returned Wednesday from Ogden, Utah, where she has been visiting Mr. and Mrs. William Bartle. Her husband accompanied her to Reno, Nev., where he remained for business reasons. He is expected home today.

ANOTHER INDUSTRIAL SITE PURCHASED IN WESTGATE

E. Schaffnit, a dealer in wood, coal, feed, fuel and other commodities in Sacramento, is the latest purchaser of an industrial site in Westgate.

Yesterday he purchased two acres on the county road between the M street bridge and West Sacramento headquarters for a greatly advanced price, advanced over that which he could have secured the land for. a few months ago.

The ground is located just north of the Dr. Boyd place along the county highway. It is just south of the pear orchard formerly known as the Reed orchard.

Mr. Schaffnit told the Independent yesterday on closing the deal that he would first use this place for warehouses. He will have a siding built to connect with the Oakland-Antioch or short line railroad, and it is possible that he may build a few homes on that portion of the land fronting on the county road.

Dealing in hay, grain, feed and other farm commodities, this warehouse will be very convenient because Schaffnit does most of his buying of those commodities in West Sacramento.

GENERAL PETROLEUM COMPANY IS MAKING RAPID ADVANCE

Under the direction of W. A. Dudley rapid strides are being made in placing the plant of the corporation in readiness for the transaction of business in West Sacramento.

Mr. Dudley also has the co-operation and help of his brother, who is his assistant at this time, with Ira C. Ross as engineer in charge.

Last Wednesday two large steel tanks with a capacity of 560 barrels each arrived on the ground. They were immediately unloaded and placed in position to receive gasoline that will be shipped in a day or two from Oakland.

These tanks were placed on concrete foundations of two feet in thickness and are anchored to the bases so that there is no possibility of them toppling over. They are 35 feet in height and 10 feet in diameter. They are connected at the top with a runway of steel.

Yesterday a cyclone steel fence was being placed around the property by the corporation. This wire fence is 7 feet in height, of very heavy construction, and is attached to steel posts that are imbedded in concrete bases.

An unloading platform has been built on the line of the Oakland-Antioch side track right at the plant. From this unloading platform a runway has been built into the large warehouse that was formerly used as the factory for the United States Fiber Products Co.

Two more large tanks like the above are on the way which will be used as storage for distillate and later on there will be two others that will be used for the storage of crude oil.

Pumps have already been installed to pump the gasoline and oil from the cars into the tanks or into the warehouse. The pumps are of peculiar construction and will be operated with electric power. These pumps, also houses, are so thoroughly ventilated that any amount of friction will not cause a spark that might set fire to the gasoline.

In the construction of the plant every precaution has been taken to avoid anything that might cause danger from fire.

Mr. Dudley has been very particular in this regard on account of the fact that fire protection in his neighborhood is nil and that, therefore, prevention must be of the best.

Mr. Dudley is still of the impression that he will be able to start distribution from the plant about the second week in April.

JUDGE DAVIS B. BARRY HELD COURT FOR FIRST TIME

Last Monday, March 23d, Judge Davis B. Barry held court in Washington for the first time. He was installed in office by his father, who retired on March 17th.

With a good deal of composure the new judge ascended the bench and assumed control of the court. He took the honors modestly but, nevertheless, showed a determination which is seldom seen in young men of his age.

Attorneys, plaintiffs and defendants recognized that they were dealing with no novice and that they must live up to the rules of the court without infringement.

The case before the court last Monday was that of the Globe Grain and Milling Company vs. Contente, on suit for collection of a bill for seed sold to Contente.

Judge Barry rendered a decision in favor of the plaintiff in the amount of $71.20.

On Tuesday a case of battery was before the court on complaint of Alex Alauer of Riverbank against Joe Silva, an employe of the Lake Washington Dairy. From the testimony brought out in court before Judge Barry it appeared that Silva and Alauer got into an argument about the time they should get to work. The argument developed into cross words and Silva assaulted Alauer, knocking him off a milking stool.

Judge Barry found the assailant guilty and fined him $5, which was paid immediately.

MRS. MANCHESTER ELECTED SCHOOL TRUSTEE

A small vote was cast this afternoon in the election for school trustee of the Washington school district.

Mrs. M. L. Manchester was the only candidate to qualify in the election. She had no opposition and returns to the board to fill out a term of three years, making a total of fifteen years in all.

The officers of election were: Norman White, inspector; Mrs. Ina Dassonville and D. Barry, judges.

Washington Boosters' Club Will Have "Clean-Up and Paint-Up" Campaign During Month of May

Last year the "Clean-Up and Paint-Up" campaign in Washington was an extraordinary success, so extraordinary that it took two teams three days to haul away the garbage, the refuse, the surplus home material that had been placed at the curbs by the householders of the town.

On June 2d of last year the clean-up campaign had its big day.

At its meeting last Tuesday night the club decided that the clean-up and paint-up day would be held earlier this year, some day about the middle of May, the date not yet being specified.

A copy of the ordinance introduced by Sheriff Monroe into the board of supervisors, having for its purpose the prevention of entrance of American men and boys into Chinese gambling houses, was read. The club decided to recommend its passage by the board of supervisors.

The ordinance would make it a misdemeanor for any men or boys to be found in those places and assesses a fine of $50 and not more than $500. The secretary of the club was instructed to advise the board of supervisors of this action.

Joe Pereira appealed to the club in behalf of Constable Wilson. He claimed that the salary now being paid the constable was entirely inadequate to recompense him for the services he was performing. His entire time is taken up in an effort at law enforcement and yet he receives only $70 to support him and his family.

It was duly moved and carried that a recommendation be made to the grand jury that the salary of the constable be raised to $150 per month with the understanding that the entire time of that official must be devoted to the work imposed upon him by his office.

Following the passage of this motion, Mr. Pereira was appointed a committee of one to appear before the grand jury on Wednesday, March 25th, asking this favor for the people of Washington.

The secretary of the Boosters' Club was also instructed to communicate with the county clerk to ask for a compiled book of ordinances now in force and effect in Yolo County and if those ordinances have not been compiled to secure copies of each individual ordinance.

The secretary, Mrs. Palm, advised that she would communicate immediately with County Clerk Saunders.

After considerable discussion on the moral, immoral and improvident condition of the people who make their habitat along the river slope of the levee, it was decided that a committee of five ladies be appointed to appear before the grand jury the following day, Wednesday, March 25th, to ask for relief in the way of cleaning up those conditions.

The committee appointed to perform this duty consisted of Mrs. Cameron, Mrs. Painter, Mrs. Pereira, Mrs. McNevin and Mrs. Esycheck.

These ladies promised to be present at the meeting of the grand jury in Woodland last Wednesday.

LATER

Last night Mrs. Cameron advised the Independent that the committee appeared before the grand jury and was given a full hearing, a courteous hearing and an attentive hearing. She felt greatly encouraged by the attitude of the grand jury in looking into the affairs above specified.

Joe Pereira also advised the Independent last night that he, too, had received a very courteous hearing from the grand jury. A promise had been made that if it was possible under the county government act to raise the salary of Constable Wilson to $150 a month, it would be done.

RICHFIELD OIL COMPANY TO START BUILDING HERE SOON

Leonard Freer, assistant district manager for the Richfield Oil Company, has established headquarters in the California State Life Building in Sacramento.

Interviewed by the Independent last Wednesday, he advised the writer that it is the intention of the corporation to utilize the ten acres lately purchased in West Sacramento on which to build a plant. Construction of this plant will start in the near future but Mr. Freer was not in a position to advise the exact date nor was he in position to advise what kind of buildings would be erected for the plant.

The ground purchased by the Richfield Oil Company is that fronting on the river and formerly occupied by the United Box and Barrel Co. It is situated just back of the old Kripp home and has rail and water connections.

BOOTLEGGERS SENTENCED BY WOODLAND JUSTICE

Lee Fiburg, who was arrested here Friday night during a raid in which a quantity of liquor and machinery for its manufacture were seized, is in the Woodland jail, serving a 500-day sentence on the charge of bootlegging. He was given an alternative of serving 500 days or paying a $500 fine by Justice R. W. Harrison.

Bert Fellows, who was also arrested during the same raid, was given the same sentence, but he paid the fine and was released. The men were arrested by Clarence Simpkins and George B. Woodworth, deputies working out of District Attorney George T. Kern's office.

Threats have been made by habitues of the Washington "jungles" against the lives of Simpkins and Woodworth, the two said. These threats warned the men would meet with death if they attempted to visit the "jungles" again.

NOTICE TO THE PUBLIC

The public is hereby notified that the campaign for the eradication of squirrels will soon be inaugurated by the county. Parties are warned that in permitting livestock or poultry to pasture or forage on the county highways they do so at their own risk. The State law compels the eradication of pests and rodents and the county cannot be held responsible for any damage suffered from stock or poultry permitted on the highways.

PICTURE CORPORATION MAY LOCATE IN WEST SACRAMENTO

Theo. W. Wharton of Ithica, N. Y., is a guest at the Travelers Hotel in Sacramento and is here purposely to select a location for a film corporation who intends to move from the eastern states to California.

Mr. Wharton has been looking over some properties in Sacramento and West Sacramento. He is particularly impressed with the location in West Sacramento and is more impressed by the scenery along the river south of town.

Mr. Wharton is reticent about his plans for the time being but his inquiries have lead several people to believe that he will locate permanently in West Sacramento.

HOME BEING BUILT BY W. G. MEDLIN SOUTH OF CHURCH

About half a mile south of the church in West Sacramento on three acres fronting Jefferson boulevard, and almost immediately across the street from the home of Doc Miller, W. G. Medlin is building a modern bungalow where he intends to make his home in the future.

Mr. Medlin has also purchased 10 acres farther north on Jefferson boulevard, particularly described as Lot 62 of Boulevard Subdivision.

The new Medlin home consists of five rooms with all modern conveniences except gas. The house is being built under the direct supervision of Mr. Medlin and by day labor.

Being built for a home where he intends to stay the balance of his days, Medlin is putting an extra job in its construction.

On completion he has already announced there will be a house-warming to which many neighbors and friends can expect an invitation.

He expects to move in a week or two.
